12. Remarks: Applicant desires to place to beneficial use for irrigation that amount of water granted under the purposes of permits #56951 and 57103 yearly determined by the State Engineer to be in excess of the mining, milling and domestic needs of said permits, and in excess of certain groundwater replacement requirements ordered by the State Engineer now or in the future. Applicant declares an agreement with Lone Tree Mining, Inc., allowing applicant to receive such water as may be permitted by the State Engineer under this application, from its adjacent mining operations, for the above stated manner of use. Applicant also acknowledges that, upon cessation of said mining operations and related water uses, the continuation of this application will be subject to additional determination and evaluation with respect to the groundwater resource within the basin.
